

CORROSION a problem?

Checkout our Latest Armour

Titanium has remarkable corrosion resistance allowing the Tytan to stay in severe service longer.

- ✓ It's currently Australia's only manufactured and designed Titanium Knife Gate Valve.
- ✓ Titanium will withstand most corrosive slurries.
- ✓ The new valve has the same robust design as the existing range of **BI-SEAL'S** valves.

BI-SEAL continue to manufacture in Australia by choice. It's the best way to listen to our customers & solve their challenges.
